CPL001-Apprenticeship

## A Proud History...A Strong Future!

For over 50 years CablePrice (NZ) Ltd has been dedicated to supplying a comprehensive range of products, services, and technical support to the construction and road transport industries through our nation-wide sales and service network, a network that comprises 24 branches, dealers and service centres offering unsurpassed Industry experience.

CablePrice are the exclusive providers of leading worldwide construction equipment and truck brands such as Hitachi, (New Zealand's most popular excavator brand for over 50 years), Scania (a world leader in truck manufacturing), the renowned John Deere Construction and Forestry equipment product range and Montabert rock breaking & crushing attachments.

Experience has put CablePrice in the forefront of our industries, and our commitment to ensuring our staff are 'Powered to Succeed' with the best training and support is key to how we plan to stay there.

## What Makes CablePrice the Industry's First Choice?

- We utilise the most up to date inventory management systems which allows our Parts Departments to provide customers with the right part at the right time.
- Our Service Departments have highly trained engineers who not only specialise in our exclusive brands, but have wide industry knowledge.
- Our workshop technicians and parts staff actively participate in ongoing training programs to ensure they are completely up to date with the latest technology, product developments and innovations. CablePrice's dedication to service excellence is further illustrated by our commitment to apprenticeships which is unrivalled in our industry!
- CablePrice have invested extensively in specialised tooling and diagnostic equipment and have gained a formidable reputation for product support and high availability of parts.
- CablePrice continues to invest heavily in our employees, resources and new facilities to help our staff fulfil their potential!

## What Does Cableprice (NZ) Ltd Offer?

CablePrice has apprenticeships in two strands of New Zealand's Automotive Heavy Qualifications. These are the National Certificate in Motor Industry (Automotive Heavy Engineering) Road Transport & Plant and Equipment Strands.

Powering Success with Ongoing Training As a CablePrice employee, you will not only receive training in your appropriate National New Zealand Qualification, but you will receive additional training in our extensive product range.

For CablePrice to be at the forefront of our industry, we need motivated, well trained technicians.
