Keep your Scania's wheels turning... and earning to the MAX!

What is a ScanPlan MAX 24 Contract?

A tailor made ScanPlan MAX 24 repair and maintenance contract provides maintenance scheduled servicing and total vehicle repair cover on your Scania vehicle to help it remain in ultimate operating condition and ensure the highest levels of uptime so your vehicle can keep earning to the Max for you.

What are the benefits of a ScanPlan MAX 24 contract ?

A ScanPlan MAX 24 repair and maintenance contract provides total certainty of fixed costs and the peace of mind of manufacture-backed servicing from professionals trained and supported by Scania. Our service technicians use only specialist Scania equipment and fit only genuine Scania parts, so you know the job is done right the first time!

How will a ScanPlan MAX 24 contract save me money?

Because CablePrice & Scania have a better understanding of the Scania product than anyone, we know the total vehicle repair and maintenance costs of every Scania in every application.

So no matter if you are involved in heavy haulage, bulk fertilising or daily freight, our better understanding of your Scania allows us to maximise your vehicles uptime and pass on significant savings on parts and labour that would otherwise be unavailable.

ScanPlan MAX 24 contracts also save you money because they allow operators to rid themselves of the costs and effort of maintaining their own workshops and maximise uptime as a result of the Scania being fully maintained and repaired, and are fitted with automatic chassis lubrication and filled with synthetic lubricants.

Potential problems are significantly reduced but when identified they can be rectified before they can cause the vehicle to be put off the road. However in unforeseen circumstances ScanPlan MAX 24 guarantees you to be back on the road within 24 hours, if not ScanPlan MAX 24 compensates accordingly for downtime**

In addition at the end of the contract there is a 50/50 ScanPlan MAX 24 Bonus plus the residual value of the vehicle is maximised because potential buyers recognise the value of a ScanPlan MAX 24 contracted Scania.

Scania vehicles that have enjoyed repair and maintenance contracts retain the highest value compared with Scania vehicles that have not been under a ScanPlan MAX 24 contract.

Ultimate Vehicle Repair and Maintenance Cover, **

ScanPlan MAX 24 Repair and Maintenance Contracts Keep Your Scania Performing to the MAX!
